

Notice of Privacy Practices
Central Park Medical Associates
200 CENTRAL PARK SOUTH, SUITE 107
NEW YORK, NY 10019

Eff: 01/01/2009
Privacy Officer: Nicole Maulella

As required by law, this notice provides you with information about your rights and our legal duties and privacy practices with respect to the privacy of protected health information. It also discusses the uses and disclosures we will make of your protected health information. We must comply with the provisions of this notice as currently in affect, although we reserve the right to change the terms of the notice from time to time and to make the revised notice effective for all protected health information we maintain. You can always request a written copy of our most current privacy notice from the Practice's Privacy Officer.

This office has always recognized the importance of privacy; this new federal law formalizes practices that have been followed routinely.

By the law, consent is not required to discuss your medical treatment with your other doctors or healthcare providers. This also allows for a prescription to be called into your pharmacy.

Additionally, none is needed in the course of carrying out healthcare operations, such as quality assessment, or in communication with your insurance carrier for payment related issues, or for incidental uses, such as announcing a name in a waiting room or the use of sign-in sheets.

However, this office has always gone one step further in protecting you and does not believe in releasing specific information about you to any business or governmental entity without your written consent. Specific authorization is required to disclose protected information in a non-routine circumstance, such as to your employer or for use in marketing a product to you.

Medical information about you may be released for research, and public health uses, as long as you are not individually identified.

We may contact you to provide appointment reminders for treatment or medical care, and also to recommend possible treatment alternatives or other health-related benefits and services that may be of interest to you.

You have the right to review when and to whom your information was released.

You may suggest additional restrictions *with* regard to certain uses and disclosures, if you wish.

Should you believe that your privacy rights have been compromised, you may report the violation, without penalty to you, to this office or to the Secretary of Health.

The law requires that you acknowledge receipt of this notice; this has been included on the signature release on the bottom of this form.

You have the right to inspect and copy the protected health information contained in your medical and billing records and in any other practice records used by us to make decisions about you. You are guaranteed access to review your medical records, and you may amend the record if you believe it to be incomplete or inaccurate.

In order to inspect and copy your health information, you must submit your request in writing to the Practice's Privacy Officer. If you request a copy of your health information, we may charge you a fee for the costs of copying and mailing your records, as well as other costs associated with your request.

I acknowledge that I have read and understand the above Notice of Privacy

Practices.
